### *The Spark from Poland Ignites the World*

Joan and Dave Maroney brilliantly connect the dots between the revelations experienced by the young Saint Faustina Kowalska just prior to World War II and the dramatic rise of communism and practical atheism that envelopes the world today. This is truly a message of profound hope.

*"Every Christian, especially Catholics, should come to better understand this time of mercy and the opportunities we have been given to save souls by trusting in and embracing the promises of The Divine Mercy." Fr. Seraphim Michalenko, MIC vice postulator for the cause canonization of St Faustina.*

*"I learned more about the life issue, the Shroud of Turin and the importance of our Catholic faith during this presentation by MOMM than I have in many a weekend retreat. Truly amazing and inspiring!"*
